S/N	Sector	Name of Project	Existing/ New	Zone and Village/Co mmunity	Name of Ward	Project Cost Estimate (ZMW)	Approved/ Not Approved	Reason/Justification	Ref.
01	Health	Completion of the Construction of Maternity Annex at Nico Clinic	New	Riverview Zone	Kazungula Central	72,136.99	Approved	The room currently used was meant for OPD services hence not meeting standard Maternity annex. The Project was approved to ensure that the increased population of more than 8, 000 and service demand is met as most expectant mother travel to Livingstone to access maternal services	Minutes of CDFC and IDP page no 16 - 26

								thereby increasing costs on them.	
02	Health	Supply and delivery of medical equipment for Maternity Annex at Nico Clinic	New	Riverview Zone	Kazungula Central	344,721.30	Approved	The project is expected to benefit majority of the population in the CBD especially expectant mother as the facility is serving a large population. The equipment current used is old and not adequate making it difficult for health personnel to offer standard services. The equipment will ensure the new structure is immediately utilized by the community as will be complete.	Minutes of CDFC and IDP page no 16 - 26
03	Health	Supply and delivery of medical equipment for Maternity Annex at Lunungu Clinic	NEW	Lunungu Zone	Ngwezi	344,721.30	Approved	Provision of medical equipment in the newly constructed maternity annex will ensure that the facility is put to use immediately the project is completed. The facility is servicing a large community which	Minutes of CDFC and IDP page no 16 - 26

								is more 150km from the Zimba Hospital.	
04	Health	Supply and delivery of medical equipment for Maternity Annex at Katondo Clinic	New	Katondo Zone	Kauwe	344,721.30	Approved	The clinic is the only facility providing all health care services around the community. Maternal services are critical in Katondo especially that there is no near by facility. The new structure meets MoH standard guidelines and location for a maternity annex. The clinic will now provide maternal services which the community has been demanding for.	Minutes of CDFC and IDP page no 16 - 26
05	Health	Supply and delivery of medical equipment for Maternity Annex at Busanga Health Facility	New	Busanga Zone	Nyawa	237,646.15	Approved	Annex was approved as the facility could not conducted the much-needed maternal deliveries. The community has been in need of a maternity annex for many years considering that the	Minutes of CDFC and IDP page no 16 - 26

								whole community depends on the facility for all health services.	
06	Health	Supply and delivery of medical equipment for Musokotwane clinic	New	Musokotwane	Musokotwane	344,721.30	Approved	The facility is one of the oldest and serving one of the largest populations in the zones. A new structure under construction will improve and benefit the community and reduce on referrals which cost the district a lot of money.	Minutes of CDPC and IDP page no 16 - 26
07	Health	Completion of the Construction of a maternity annex at Chikonzya Rural Health Center	New	Chikonzya	Simango	173,346.72	Approved	The community around the rural health center will benefit as it is the only facility. The demand for maternal services has been going on for some time due to population increase and the cost of traveling to Zimba district to access the services. Delivering at the health facility will be encouraged thereby reducing the chance of	Minutes of CDPC and IDP page no 16 - 26

								losing lives of infants and mothers emanating from home deliveries in most rural communities without maternity annexes.	
08	Health	Supply and delivery of medical equipment for Chikonzya Rural Health Center	New	Chikonzya	Simango	344,721.30	Approved	The completion of the maternity annex will require medical equipment to be operation. To meet the demand for maternal services, the facility will need all components including equipment for it to be beneficial to the community.	Minutes of CDFC and IDP page no 16 - 26
